

## **ObsEva SA to Seek SIX Share Listing**

**Geneva, Switzerland and Boston, MA –June 1, 2018** – ObsEva SA (NASDAQ: OBSV), a clinical-stage biopharmaceutical company focused on the development and commercialization of novel therapeutics for serious conditions that compromise a woman’s reproductive health and pregnancy, today announced its intention to request the listing of its shares on SIX Swiss Exchange under SIX's international reporting standard.

“Last years listing on the NY based NASDAQ was a major step for the company as it provides access to capital to pursue the development of our rich, late-stage clinical, product portfolio, hence moving closer to address the needs of millions of women worldwide and continue to create value for our shareholders” said Ernest Loumaye, MD, PhD, OB/GYN, CEO and Co-Founder of ObsEva. “Today as a Swiss company, we are proud and thrilled to announce our intention to be listed on SIX. It is another major step for the company, as it brings us closer to very seasoned healthcare investors with whom we look forward to speaking with as the company continues to evolve.

The company is currently listed on the NASDAQ Global Select Market. The trading of ObsEva's shares on Nasdaq will continue in addition to the SIX listing. With the SIX listing, ObsEva is expecting to raise its profile with Swiss and European investors, provide another robust market for any future potential financing activities and to secure for its shareholders the protection offered by the Swiss takeover rules.
